

LOCTITE®

NEW! Silicone Power Cans!

Henkel

Loctite® Silicones now come in a new dispensing system, specifically designed for easy application with fingertip control.

The new Power Can dispenser uses an innovative adhesive system designed to make application easy. The Power Can's unique dispenser features a built-in lever that controls the flow of silicone, allowing the user to extrude precise amounts of product, even in the most narrow, awkward spaces, with the press of a finger.

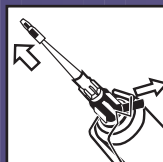

- Fingertip control
- Extrudes product in a constant, steady bead
- Eight Loctite® brand silicones are available in the new package

Loctite® Silicone Power Cans!

DIRECTIONS:

1. Surface must be clean, dry, and free of foreign materials. 2. Pull red cap off nozzle and remove the white tab from nozzle. 3. Turn nozzle counterclockwise a ¼ of a turn. 4. Press lever to dispense product. 5. Apply an even ¼" to ½" bead to one surface. Remove excess silicone while still wet with knife. Assemble parts immediately. Do not squeeze out silicone by over-tightening bolts. 6. To reuse package, leave a ¼" length of material extending out of the nozzle. Cured material will form a protective plug. Turn nozzle ¼ of a turn clockwise and replace red cap on nozzle. **Note: Not Recommended For Use On Head Gaskets Or Parts Continuously Immersed In Gasoline.**

Ordering Information:

All Loctite® Brand Silicones in the New Power Cans are sold in cases; Six (6) cans to a case.

Item #	Description Package Size	Applications	Temperature Range	Unit/Case Wt.	Item/Case Dimensions	Unit UPC Case UPC
40481	RTV Clear Silicone Adhesive/Sealant 190 ml Aerosol	General-purpose, indoor/outdoor sealant. <i>Use on windshields, door frames, electrical connections, vinyl tops, seams, and roofs.</i>	-80 to 450°F	0.64 lbs.	Unit Dimensions for all items (LxWxD) 11.0" x 1.75" x 1.75"	079340404816
				4.15 lbs.		030079340404817
40464	RTV Black Silicone Adhesive/Sealant 190 ml Aerosol	Same as clear only product color is black.	-80 to 450°F	0.64 lbs.		079340404649
				4.15 lbs.		030079340404640
40465	RTV Red Silicone High Temperature Gasket Maker 190 ml Aerosol	Sensor-safe and formulated for oxygen sensor equipped engines. <i>Use on valve covers, oil pans, timing covers, water pumps, thermostat housings, transmission pans.</i>	-75 to 600°F Intermittent	0.65 lbs.		079340404656
				4.21 lbs.		0300793404657
40482	RTV Blue Silicone Sensor-Safe Gasket Maker 190 ml Aerosol	Replaces almost any cut gasket. <i>Use on valve covers, oil pans, timing covers, water pumps, and transmission pans.</i>	-65 to 500°F Intermittent	0.65 lbs.		079340404823
				4.20 lbs.		0300793404824
40480	Ready Gasket Gasket Maker 190 ml Aerosol	Makes high performance, leak-proof gaskets in one minute. <i>Use on automotive and marine gaskets, valve covers, gearbox covers, pumps, compressors, oil pans, thermostat housings, and water pumps.</i>	-75 to 450°F Continuous 500°F Intermittent	0.77 lbs.		079340404809
				4.93 lbs.		0300793404800
40462	587™ Blue High Performance RTV Silicone Gasket Maker 190 ml Aerosol	Three times more oil resistant than conventional silicones. <i>Use on valve covers, oil pans, timing covers, transmission pans, differential covers.</i>	-75 to 500°F Intermittent	0.76 lbs.	Case Dimensions for all items (LxWxD) 5.75" x 4.0" x 11.5625"	079340404625
				4.87 lbs.		0300793404626
40463	598™ Black High Performance RTV Silicone Gasket Maker 190 ml Aerosol	For dealership warranty requirements, ensures extended drive train warranty compliance. <i>Use on valve covers, oil pans, intake manifold end seals, timing covers, transmission pans.</i>	-75 to 625°F Intermittent	0.76 lbs.		079340404632
				4.85 lbs.		0300793404633
40505	5699™ Grey High Performance RTV Silicone Gasket Maker 190 ml Aerosol	Designed for high torque applications. <i>Use on valve covers, oil pans, timing covers, intake manifold end seals, timing covers, water pumps, thermostat housings.</i>	-75 to 625°F Intermittent	0.83 lbs.		079340405059
				5.29 lbs.		0300793405050
