Convenient Semisolid Pipe Sealant Stick Will Not Spill or Leak

### Loctite® QuickStix™ Pipe Sealant for Stainless Steel

**Rocky Hill, Conn. — Packaged as a semisolid stick that won't leak or spill, new Loctite® QuickStix™ 5671™ PST® Pipe Sealant is designed to seal tapered pipe thread fittings made of stainless steel, aluminum, galvanized metal and other inert metals. The product delivers immediate low pressure sealing and will not creep, shred, contaminate or block lines.**

Convenient and portable, Loctite® QuickStix™ 5671™ PST® Pipe Sealant eases both assembly and disassembly of threaded fittings. This single component, easy-to-apply pipe sealant eliminates leak paths and ensures complete contact between threads to fully seal the assembly. Designed to prevent corrosion and galling in threads, this off-white anaerobic paste will not shrink or crack, ensuring long-term reliability.

Loctite® QuickStix™ 5671™ PST® Pipe Sealant is packaged in a pocket-sized, 19-gram, self-feeding, stick applicator that cannot spill and is ideal for use on overhead or hard-to-reach applications. This pipe sealant can be used on active metals, but will develop high strength sealant properties.

For more information on Loctite® QuickStix™ 5671™ PST® Pipe Sealant, call 1-800-LOCTITE (800-562-8483) or visit the company's Web site at [www.henkelna.com/mronew](http://www.henkelna.com/mronew).

Henkel has been committed to making people's lives easier, better and more beautiful for more than 130 years. A Fortune Global 500 and Germany's most admired company according to a recent Fortune survey, Henkel offers strong brands and technologies in three areas of competence: Home Care, Personal Care and Adhesive Technologies. Each day, more than 52,000 employees in 125 countries are dedicated to fulfilling Henkel's claim "A Brand like a Friend." In fiscal 2008, Henkel generated sales of 14,131 million euros and adjusted operating profit of 1,460 million euros.
